Deputy Director
Central Intelligence Agency
Washington 25, D. C.

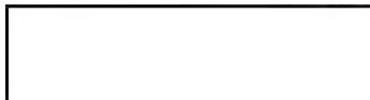

Dear General Cabell:

Thank you for your letter of 22 October.

Notwithstanding that my prospects of working with the Agency are unlikely, in my status of a longevity-retired officer, I should appreciate your starting to me the application forms. Perhaps there will be a future date more propitious. At any rate, I should like to have a formal application on file with the Agency.

With kindest personal regards, I remain,

Sincerely,
